"Most Holy Body and Blood of Christ"

June 7, 2015

From the Pastor's Desk:

One of the things that make me so sad and angry is when a parishioner of ours comes and reports that his or her car has been broke opened by someone and his or her valuables have been stolen from the car. Unfortunately, this type of incidents had been happening in our church campus every now and then. After worshipping God, we want to return home or places of work with a sense of fulfillment and peace of mind. But when we see our car window purpose-ly broke open and valuable things have been stolen from the car, how mad it can make us! Instead of returning home with a sense of peace and fulfillment, we return home with anger, frustration and a sense of being violated. It can even make us think twice before coming back to the church! In spite of our volunteers

making rounds in the parking lot during the mass, such incidents have taken place. Because all it takes for the thieves is to have two persons - one to keep watch whether someone is coming to the parking lot and the other person to break open the car and steal the things.

The matter was discussed in the Pastoral Council and the Finance Council. After evaluating many available options, it was decided to install security cameras in collaboration with our school. A few professional companies were approached to give a quote for installing security cameras in and around our church campus. The least amount quoted was \$100,000. The matter was taken up for discussion in our Technology Committee meeting and Mr. Roberto Baires expressed his readiness to execute the project of installing 32 high resolution security cameras in and around our church campus, employing local technicians. The project of installing 32 high

resolution security cameras has been completed at the minimum cost of \$25,000. Since the security of our school children and teachers is of paramount importance, this project has been executed in collaboration with St. Joachim School who has generously shared half the expenditure of the project. The parish and St. Joachim school expresses our sincere gratitude to Mr. Roberto Baires for executing this important project with minimum cost. Hopefully this will enable our parishioners to worship God without worrying about their car and the valuables inside their car.

However, in addition to giving a smile as enter into our church campus (since you have been video graphed) kindly make sure that you do not leave your valuables such as purse, bags, money, passport etc, on the front seat of the car. Most of the cars that were broke open in the past had such articles in the front seat of the cars.

Prevention is better than cure.

Nota de nuestro pastor

Una de las cosas que me hace sentir tan triste y enojado es cuando uno de nuestros feligreses viene e informa que su coche ha sido saqueado por alguien y sus objetos de valor han sido robados del coche. Desafortunadamente, este tipo de incidentes han estado sucediendo en nuestro parqueo de la Iglesia de vez en cuando. Después de adorar a Dios, queremos volver a casa o lugares de trabajo con un sentido de satisfacción y tranquilidad. Pero cuando vemos que deliberadamente quebraron la ventana del coche y que nos han robado cosas valiosas, no enfurecemos! En vez de regresar a casa con una sensación de paz y plenitud, volvemos a casa con ira, frustración y una sensación de haber sido violados. Incluso podemos hasta pensar dos veces antes de volver a la Iglesia! A pesar de que nuestros voluntarios hacen rondas en el estacionamiento durante la Misa, estos incidentes han tenido lugar. Porque lo

único que es necesario para los ladrones es tener dos personas - una para vigilar si alguien viene al estacionamiento y la otra persona para quebrar el vidrio del auto y robar las cosas.

El tema fue discutido con el Consejo Pastoral y el Consejo de Finanzas. Después de evaluar muchas opciones disponibles, se decidió instalar cámaras de seguridad en colaboración con nuestra escuela. Algunas compañías profesionales fueron consultadas para proponer un presupuesto para la instalación de cámaras de seguridad en los alrededores de nuestra Iglesia. La cantidad cotizada más baja fue de \$100.000. El asunto fue tomado para discusión en la reunión del Comité de Tecnología y el Sr. Roberto Baires expresó su disposición para ejecutar el proyecto de instalación de 32 cámaras de alta resolución en y alrededor de nuestra Iglesia, empleando a los técnicos locales. El proyecto de instalación de 32 cámaras de alta resolución se ha completado al costo mínimo de \$25,000. Puesto que la

seguridad de nuestros niños en edad escolar y los maestros, es de suma importancia, este proyecto ha sido ejecutado en colaboración con la escuela de San Joaquín que generosamente ha compartido la mitad del gasto del proyecto. La parroquia y la escuela de San Joaquín expresa nuestra sincera gratitud al Sr. Roberto Baires por la ejecución de este importante proyecto con un costo mínimo. Esperamos que esto permita a nuestros feligreses a adorar a Dios sin preocuparse de su coche y los objetos de valor dentro de su coche.

Sin embargo, además de dar una sonrisa al entrar en los alrededores de nuestra Iglesia (ya que has sido grabado) por favor asegúrese de no dejar sus objetos de valor tales como bolso, dinero, pasaporte, etc. en el asiento delantero del coche. La mayoría de los coches que han sido saqueados en el pasado tenían tales artículos en el asiento delantero de los coches. Más vale prevenir que lamentar.

continued... On Sept. 23, 2015, in Washington D.C., Pope Francis will canonize Father Junipero Serra as a saint. Serra's birth name was Miquel Josep Serra i Ferrer and he took the name "Junipero" in honor of Saint Juniper who was a Franciscan companion of Saint Francis of Assisi. Native American Indians long have protested the attempts to canonize Serra, sometimes protesting outside Mission San Juan Capistrano on Columbus Day. Many consider the missions in Alta California and their Franciscan administrators as part of an enormously destructive colonization process. Cattle ranching and sheep grazing led to the collapse of the Native Indian's traditional economy, aided by a later law banning the Indians from burning the landscape. Indians began flocking to the missions and the new Spanish towns of Los Angeles and San Francisco as their ancient food supplies dwindled. Those who converted were forced to drop their old ways and eat, dress and act like the Europeans. The Spanish, largely through disease, were responsible for a population decline

from about 300,000 Indians in 1769 to about 200,000 by 1821. The Indians had no immunity to the European diseases, including chicken pox and measles. The strenuous work regime and high population density within the missions themselves also caused high death rates among the mission Indians. By law, all baptized Indians subjected themselves completely to the authority of the Franciscans; they could be whipped, shackled or imprisoned for disobedience, and hunted down if they fled the mission grounds. Indian recruits, were often forced to convert nearly at gunpoint, their beliefs and customs banned, and they could only be expected to survive mission life for about ten years. As one Friar noted, the Indians "live well free but as soon as we reduce them to a Christian and community life... they fatten, sicken, and die." When Serra died in 1784, the mission system was still in its infancy. Ultimately, the system grew to 21 missions, however less than one quarter of the Indian population was ever converted to Christianity. Of the 80,000 baptized by the end of the mission era

in the 1830s, 60,000 had died, of whom 25,000 were children under 10 years old. The Yankee invasion and the Gold Rush dealt a final blow. By 1855, only 50,000 Indians were left in California and, with the coming of the railroads, they'd soon be overrun by newcomers. Today, many Indians and academics disagree with the decision to award sainthood, pointing to the harsh conditions of mission life and Serra's own justification of beatings. But Serra fought efforts to enslave the Indians and whippings were a common method of discipline for all men in the Spanish empire. As professor Thomas P. Rausch says, it is an evaluation of "an 18th century Catholic missionary by 21st century standards"... "The question we should ask is this: Was the message of the Gospel worth hearing in the first place?" Serra modeled his life on the gospel of love, not a desire for land or gold as Columbus did who enslaved and tortured Caribbean natives in his quest for precious metals. And would we even have our Catholic churches in California without Serra?
